

COTTON WOUND CARTRIDGES

Features:

- Up To 220°F Maximum Temperature
- Meets FDA Regulations For Food And Beverage
- Economical

Applications:

- Viscous Fluids
- Recovery Of Precious Particulate
- Hydraulic Oil
- Clean In Place (C.I.P.)
- Fuel Filters

Our bleached cotton cartridges provide an economical solution for a variety of Industrial Applications. Bleached Cotton has 99% of the extractable removed during the bleaching process, which makes them ideal for food and beverage applications. The rough texture of the cotton fiber provides excellent surface area for long service intervals in dirty services such as wastewater and petrochemical applications.
