

# ELEMENT – HOUSING SIZING LIST

There are only ten standard element sizes (physical dimensions) with in our comprehensive product range. The following chart simplifies the element sizes across the various housing materials. For example, the 12-32 size elements fit the aluminum model 315, the stainless model 110, the plastic model 710N and the disposable in-line DIF series.

This should clarify the process to choose the correct filter for the application. Keep in mind this is not all of our filter elements and housings. For assistance please contact us at 1-800-311-5561.

Disposable Element Size	Aluminum	Stainless Steel / Exotics	PTFE	Plastics	Disposable In-Line
12-32-	205	110	N/A	705K	DIF-BN
	210	110HP		705N	DIF-BK
